

Speed Stacks Sport Pack Grant for School Physical Education Programs

Providing sport stacking equipment to schools lacking funds but overflowing with enthusiasm for sport stacking

The Leader in Sport Stacking

Calling All School Physical Education Instructors!

- ✓ *Has sport stacking captured your imagination?*
- ✓ *Are you raring to start a sport stacking program but have exhausted your funding resources?*
- ✓ *Do you think you can make a difference with your sport stacking program?*

If you answered “yes”, then a Speed Stacks Sport Pack Grant could be your answer to get stacking. During the 2006-2007 school year, the Speed Stacks Education Team will be awarding 10 Sport Packs every month to eligible grant applicants.

The Speed Stacks Education Team wants to help instructors motivated to offer a full-fledged sport stacking program but are unable to generate the funds through their school, parent organization or community. Through our Speed Stacks Sport Pack Grant Program, we want to equip you with all you need to provide your kids with a unique and fun sport stacking experience that promotes the development of motor skills, patterning, sequencing, focus and concentration, as well as hand-eye coordination and ambidexterity. **Are you ready to make a difference through sport stacking?**

To Receive an Application: Go to www.speedstacks.com and download the grant application or fax your request to: Speed Stacks Sport Pack Grant Program at 303-663-8580. You can also e-mail requests to the Education Team at: EducationTeam@speedstacks.com.

A Speed Stacks Sport Pack includes 30 sets of Speed Stacks, a step-by-step instructional DVD, 5-day lesson plans, a StackMat, Speed Stacks Minis and Mini-Mat, Super Minis, and an "On the Move with Speed Stacks" Activity Guide. Total Value: \$371
